

RITZENHOFF OUTDOOR. YOUR GLASS UNBREAKABLE.

Boelter introduces Ritzenhoff, your specialist in Craft beer glasses

With great pleasure we invite you to the launch of Ritzenhoff Outdoor during the Craft Brewers Conference 2015 in Portland, Oregon.

The innovative product Ritzenhoff Outdoor is specially designed for safe and comfortable drinking inside and outside. All models are all made of a top quality unbreakable copolyester, 100% BPA free, 100% recyclable and reusable (dishwashersafe).

As you can see, Ritzenhoff Outdoor now also provides you the opportunity to present your Craft beer, in places where it is not allowed/desirable to use glass! We believe that your Craft beer, brewed with love and attention, deserves the right presentation.

Have we raised your interest?

We would like invite you to visit our website www.ritzenhoff-outdoor.com.

Craft Brewers Conference (CBC) – Portland Oregon

To witness the introduction of our newest product line during the CBC from 14 till the 17th of April please visit stand number 1617 of our partner for the US market Boelter; www.beercup.com.

We hope to welcome you during one of these days!
